

DEFENSE OPENS IN THE NEWBERRY CONSPIRACY TRIAL

Important Evidence is
Rejected by Judge
Sessions

LETTERS INTRODUCED

(By The Associated Press)
GRAND RAPIDS, Mich., March 4.—Testimony which counsel for the defense characterized as "highly important" was ruled out at the start today of evidence in behalf of the 85 defendants left in the Newberry elections conspiracy trial. Balked in this effort the attorneys then put two defendants on the stand interlarding their testimony with 15 character witnesses.

The defense opened after Judge Clarence W. Sessions had denied all motions for dismissal of additional defendants and had announced that the government had established a case sufficient to warrant a verdict of guilty if the jury saw fit to return one. The court also held, incidentally that it would be reasonable for Senator Truman H. Newberry to be consulting or acquainted without necessitating a similar outcome of the cases of the other men.

At the outset the defense called George E. Miller, editor-in-chief of the Detroit News, but failed to get before the jury a series of letters exchanged by Mr. Miller and Senator Newberry in the early months of 1918.

Letters Not Admitted
Martin W. Littleton and James O. Murfin argued that the government had charged that at the inception of the Newberry candidacy there was a conspiracy to purchase the United States senate seat and that the letters would show "everything that animated him." But Judge Sessions held that the letters "were beside the issue" and that the government had no right to introduce them.

At the outset the defense called George E. Miller, editor-in-chief of the Detroit News, but failed to get before the jury a series of letters exchanged by Mr. Miller and Senator Newberry in the early months of 1918.

WEATHER MAN PROMISES RELIEF FROM BLIZZARDS

Railroad Traffic Completely
Tied Up in Many Sections
of Plains States

(By The Associated Press)
CHICAGO, March 4.—Weather conditions in the middle states improved somewhat tonight from a storm that swept across the plain states and at midnight cleared over Lake Huron. Winds that howled in the rear of the storm had piled up drifts of snow and interfered with railroad traffic in some regions. Relief is expected in central states Friday with moderating temperature, by Saturday. In the northwest however, the cold is expected to note moderate much for two or three days.

Several train wrecks occurred in Minnesota as a result of the storm. One man was killed at Farmington, Minn., when a Rock Island freight train collided with the rear of a Chicago, Milwaukee & St. Paul freight. The North Coast Limited on the C. St. M. & O. collided with an express train at Lake Elmo. Three express cars were smashed but no one was injured.

Silverton, Colo., was reported without train service since Feb. 26, but telephone messages said there was no suffering. Railroad officials put snowplows to work and expected to reach Silverton by Saturday. Trains on the Denver & Rio Grande railroad were reported from two to fourteen hours late, because of the snow in the mountains.

Weather bureau officials predicted that the cold in Missouri, Kansas, Oklahoma and parts of Arkansas and Texas would remain until tomorrow.

Wire communication was reported impaired at many places because of the sleet, and trains reaching Kansas City from the west were delayed.

The storm which swept Wichita county, Texas, caused damage to the Burdett oil fields of about \$150,000. Fifty oil derricks were blown down and several persons injured. The storm did not strike Chicago and St. Louis until about noon and the temperature dropped rapidly. Train service in both cities was almost normal and street service was only slightly interrupted. The weather bureau forecast a drop to ten degrees above zero before morning.

An unidentified man was killed and two others were injured to day when they were struck by a snow plow on the Chicago, St. Paul, Minneapolis and Omaha railroad, 15 miles east of here.

FORMER SERVICE MAN OPPOSED TO FINANCIAL RELIEF

Declares Money Hand Out by
U. S. "Would Be Simply
Thrown Away"

WASHINGTON, March 4.—Flat opposition to financial relief legislation for former service men, the first expressed by a former soldier, was asserted today before the house ways and means committee by M. W. Burns, of Green Point, N. Y., former artillery captain. "A money handout" to the ex-service men, he said, "would simply be thrown away."

Practically no former service men are without employment, Burns said. Outstanding government obligations would depreciate if a bond issue was authorized, he said.

All soldiers would take a money grant if congress authorized it, he told the committee. Representative Rainey, Democrat of Illinois, replied that this was true even of members of congress.

Burns contended that the satisfaction of having fought to defend the country was sufficient reward.

"If the war had continued two years more, every American soldier would have been so tickled they wouldn't want any bonus," he added.

Even the American Legion is divided on the question, Burns said, adding that he was a member of that organization and had talked with many others opposed to the legion's plan. Those who need a bonus would squander it and those who don't would put it in a bank, he argued.

Reclamation of arid lands with preferential right to all former service men to entry on existing drained public lands was urged by a delegation headed by Representative Smith, Republican of Idaho. "When a man has money he wants to get out of the city, but when he is busted he can't go to the farms," Chairman Fordney declared.

URGES EXPULSION OF FIVE SUSPENDED N. Y. SOCIALISTS

Declared Traitors to
Country by Attorney
Conboy

TRIAL NEARS THE END

(By The Associated Press)
ALBANY, N. Y., March 4.—Expulsion of the five suspended Socialist members of the New York assembly under investigation by the judiciary committee on the ground that they are "traitors" was demanded by Martin Conboy, summing up the case against the legislators today. He insisted that the charges have been proved.

"I feel confident of the determination you gentlemen shall reach because I believe that instead of the cry 'long live the international council of the proletarians' you will say 'long live the United States of America,'" concluded Mr. Conboy.

Seymour Stedman will sum up for the Socialist assemblymen tomorrow while Former Senator E. R. Brown is expected to close the prosecution Tuesday.

That the Socialist party is "composed of 'perpetual traitors,'" that "its members must take the oath in the legislature," with "a lie on their lips" and that the party is trying to bring about a revolution, were among charges Mr. Conboy made.

Challenging remarks by Morris Hillquit, defense counsel, that the Socialists would walk out of the chamber in humiliation if it was proven that the party had advocated and urged its members to refrain from taking part in the war, Mr. Conboy asserted this charge had been proven and that the Socialists have not left the chamber.

Mr. Conboy directed the committee's attention to what occurred during remarks by Mr. Hillquit in summing up for the defense yesterday "as one of the most complete, frank, unblushing boasts of the use industrial mass action."

Mr. Conboy quoted from the Socialist constitution to bear out his statement that these five assemblymen present would walk out as representatives of thousands of voters but as proxies for a small group of dues-paying members in no case exceeding six hundred, many of whom are aliens, some of whom are minors, all of whom are disloyal.

The object of the Socialist party, he said, is to destroy the institutions of the United States and to bring about a world revolution. This party does not propose to bring about this change by parliamentary means and the use of the ballot. It has become necessary to force a new weapon and this is industrial organization and is used to tie up the arteries of the nation's industries with the threat of a general strike.

Mr. Conboy contended that the industrial revolution is the only way to bring about a world revolution. PALMER CHARGED BY REPUBLICANS FOR THE HIGH PRICES OF SUGAR

Investigation Into Offices of
the Attorney General
Directed

(By The Associated Press)
WASHINGTON, March 4.—A political row broke in the house today when Republicans forced through a resolution authorizing investigation by the judiciary committee of the acts of Attorney General Palmer in connection with prices charged for Louisiana sugar. Democrats bitterly opposed the project charging it was designed as an indirect impeachment of Mr. Palmer and only intended to check the "growing popularity" of a Democratic presidential aspirant.

Mr. Palmer was directly responsible for prevailing high sugar prices, that Mr. Palmer had no authority to recognize the high figure at which Louisiana sugar sold and that he had failed to press actions against profiteers.

In two hours of debate, Democratic members asserted the resolution was a covert attack on Mr. Palmer and was calculated to divert public attention from failures of the incapable Republican leadership in congress.

When the time limit expired the resolution was put thru 162 to 124 by a party vote. The resolution directs that the investigation be directed "to the admitted concurrence of the Attorney General in maximum fixed prices of seventeen and eighteen cents."

Testimony of Mrs. Bergdoll, mother of the defendant before the board featured the report. She testified that between the ages of 16 and 21 her son had been allowed \$5,000 a year, and that he had possessed several racing cars and two airplanes. He had been seriously injured in a race on the automobile speedway in San Francisco and had fallen from his plane. She had added her son always acted in a rational manner except when frightened, but that he had a fear of courts and arrest.

FRENCH OPPOSE REVISION OF TREATY

PARIS, March 4.—(By The Associated Press).—The French government will oppose any revision of the treaty of Versailles that would modify her claims on Germany, it was learned today. The attitude of the French government, according to the official point of view, is in accord with the sentiments of the new chamber of deputies. It is held that any further concessions to Germany would not be tolerated by parliament, and, if made, the government would be overthrown. The French official view of the economic situation was stated, is the same as that set forth in London, that is, that all Europe be put on a prosperity basis. The French however, think that France is not on a prosperity basis and not in a position to make concessions that would affect her own economic interests to any one.

SHARE OF STOCK REACHES NEW HIGH MARK

New York, March 4.—The highest price ever recorded for the sale of one share of stock in the history of the New York Stock Exchange was paid yesterday when ten shares of Atlantic Refining Co., common stock sold for \$1,350 a share. The previous record was made May 9, 1901 when Northern Pacific touched \$1,000 during a panic.

The time limit for challenges for the Davis cup, the chief lawn tennis trophy of the world, has expired and South Africa will be the only competitors for the cup now held by Australia.

WAGE DEMANDS WILL BE TAKEN UP NEXT WEEK

Conference Called to
Discuss Increase for
Rail Men

PLANS ARE COMPLETED

(By The Associated Press)
WASHINGTON, March 4.—Wage demands of two million railroad workers will be taken up next week when brotherhood representatives meet with corporation officials in the first wage conference. The date has not been definitely determined to night by Director General Hines in whose hands were left arrangements. It probably will be Tuesday or Wednesday.

Employees will be represented in the preliminary sessions by the heads of the fifteen unions who have fought the wage battle together since last August. It was understood, however, changes would be made in the personnel of the labor committee when work on new wage scales begins.

Representatives of the rail executives will be selected probably tomorrow when the association of Railway Executives is to meet in New York.

Members of the committee will be largely informal for several days as it will require time to agree on procedure.

Brotherhood leaders probably will insist that negotiations where they left off when the roads were returned to private control.

Union spokesmen expected the rail executive committee to object to taking in, as a part of the record the hearings held by the railroad administration wage adjustment board. Despite protests entered by the unions against presidential approval of the railroad bill, the brotherhood committee is prepared to hold its provisions over the rail officials' headlocks are in prospects on wage questions.

Among railroad officials however, this attitude of the unions was regarded as crossing the bridge before it is reached. One of the officials said it was not the intention to enter the negotiations in a spirit of antagonism. But the limit to which corporations can go is determined to a great extent by the revenue in sight. It was pointed out. This phase, it was added probably will enter into every question which the voluntary board attempts to settle and decisions may be affected ultimately by action of the interstate commerce commission on rates.

THREE FORMER FRENCH AMBASSADORS TESTIFY AT THE CAILLAUX TRIAL

Former Premier is Accused
of Being the Sturmer
of France

(By The Associated Press)
PARIS, March 4.—It was ambassadors day today at the trial of former Premier Joseph Caillaux on the charge of having intrigued to promote a premature and dishonorable peace with Germany.

Three former French ambassadors at Madrid, Petrograd and Berlin were the first witnesses for the prosecution. They were William Martin, Maurice Paleologue and Jules Cambon.

M. Paleologue, after saying he realized he faced a man who was defending his honor and perhaps his life arraigned M. Caillaux. He pointed an accusing finger at the prisoner and shouted:

"You are the Sturmer of France."

The court was in an uproar. M. Cambon reviewed the Agadir negotiations. He said Caillaux never gave him instructions deviating from the policy followed by other premiers and ministers of foreign affairs towards Germany.

He was convinced Caillaux acted in the best interests of France. M. Martin reported a conversation he had with King Alfonso of Spain in which it was alleged Caillaux had sent an emissary to the king threatening him with death. King Alfonso, M. Martin declared, said that he had kept a record of the threat so that the truth would be known should anything happen.

The public prosecutor concluded his cross-examination by asking Caillaux to explain a statement in his essay entitled "The Responsible Parties" in which he said former President Poincare at the council of ministers on August 14, 1914, asked the ministers to declare war immediately upon Germany.

BILLION DOLLAR REDUCTION IN TAXES URGED BY M'ADOO

Former Secretary of Treas-
ury Declares Present
Burden too Great

(By The Associated Press)
WASHINGTON, March 4.—An immediate billion dollar reduction in federal taxes was suggested in a statement issued today by W. C. McAdoo, former secretary of the treasury. The present tax burden is too great, he said, and is having an injurious effect on business.

Mr. McAdoo proposed that collection of a tax to establish a sinking fund for retirement of the war debt, recommended by former Secretary Glass to begin with the fiscal year, 1920, be postponed two years, and that the deferred payments of European interests be funded until Europe can pay its interests.

"The financial policies of the nation as embodied in future congressional legislation," said Mr. McAdoo, "should realize the utmost economy in expenditure and might fund in long term bonds \$1,000,000,000 per annum for two years of the amount now raised by taxation."

"Under the laws, a tax to establish a one percent sinking fund to retire bonds outstanding is to be collected beginning with the fiscal year 1920. This might well be postponed at least two years and thus reduce the tax burden by \$250,000,000 annually."

But that is not all, said Mr. McAdoo. "Europe owes us and which amounts to about ten billion dollars. If the economic restoration of Europe had proceeded far enough so that Europe could pay interest on this debt (as she will be able to within a few years) we should have an income of \$500,000,000 from this source."

MORE REPUBLICANS RESERVATIONS TO TREATY ADOPTED

Shantung Settlement
Disposed of After
Change

DEMOCRATIC VOTES GAINED

(By The Associated Press)
WASHINGTON, March 4.—Two more peace treaty reservations were adopted by the senate today after their original terms, as framed by Republican leaders last November, had been modified to conform to agreements of the bi-partisan conference.

One, withholding assent from the Shantung settlement, was changed on motion of the Republicans and by practically unanimous vote.

Consideration of the other however, providing American representatives in the league of nations be chosen by congressional action, raised a controversy, which broke down for the first time since November the solid Republican line-up.

The language substituted for the Republican draft of the league representation reservation was written by Senator Walsh, Democrat of Montana. It was offered by Senator Lodge, Republican leader, was objected to by Senator Hitchcock, administrator was withdrawn, re-offered by Senator Walsh, accepted by the senate over Senator Lodge's opposition and adopted with the Republicans voting solidly for it and with Senator Walsh and thirteen other Democrats opposing.

The maneuvering brought many sharp contradictions as to what was transpired in the bi-partisan conference. Senator Lodge declared hereafter he would have nothing to do with the compromise agreements tentatively reached. His declaration drew fire from the mild reservation Republicans. Senator Kellogg of Minnesota asserting he never would be bound by his leader's decision. It was the mild reservationists who made the adoption of the Walsh reservation. The flare-up came when negotiations for a compromise on article ten, again had reached a state of activity. Senators brought their consultations to a point where the advice of President Wilson was sought indirectly on proposed changes in the Republican article ten reservation. It was said tonight no definite information had been forthcoming.

Modification of the Shantung reservation to eliminate reference to Japan and China by name was agreed to 69 to 2 and the reservation was readopted 48 to 21, with ten Democrats voting for it. Last November the vote was 53 to 41 only five Democrats voting in the majority.

On adoption of Senator Walsh's change eight Republicans voted with the Democrats in the affirmative and the result was 37 to 32. The vote on final adoption was 55 to 14, all opposition coming from Democrats, while seventeen Democrats voted for adoption.

DEFENSE SCORES IN TRIAL OF I. W. W.

MONTESANO, Wash., March 4.—Several witnesses in the trial of ten I. W. W.'s on a charge of murder growing out of the shooting of former service men during an armistice day parade at Centerville, Wash., testified today they saw soldiers in the parade break ranks and rush toward the hall and that later they heard shots.

The defense has contended I. W. W. members expected a raid on their hall during the parade and acted to defend it. Testimony of those witnesses did not agree, however, as to whether there was a sound of breaking glass before the shots were heard.

G. F. Vanderveer, of defense counsel said late today he had about twenty more witnesses to call and informed prosecution attorneys that witnesses they might call on rebuttal could be subpoenaed Saturday.

Along with other forces interested in prohibition, Chicago druggists have taken a very definite stand. They are evidently not purposing to make the law so stringent that it would become unenforceable.

DRESSED CHICKENS The Store That Saves You Money Gives Quality—Affords Satisfaction

BAD WEATHER BUT HELPFUL The weather yesterday was very wintry and continued cold is promised today. But never mind, the rain and snow preceding this storm were vastly needed. Wheat has not had sufficient moisture and this statement really applies to all fields.

A SIGN OF THE TIMES

A modern sales pavilion is to be erected in Jacksonville. The word "modern" very well attaches to the name of such an institution. Further, "institution" is used advisedly, for a sales pavilion will meet many needs and will no doubt prove a very distinct business asset for Jacksonville.

If the suggestion is carried out for including a great assembly hall in the pavilion building, then the coliseum need will be met. But even if this does not materialize, the existence of such a pavilion will encourage the holding of sales here and outside capital will be attracted. Recently more than 1,000 Morgan county farmers joined the local farm organization and the state agricultural association. That gave proof of the change that has come about and the very active part that farmers are expecting to take in public affairs.

JUSTICE FOR EX-SERVICE MEN. The American Legion cannot be justly criticised for its effort to

have congress make some provision for ex-service men. There should be freedom from criticism for no other reason, because of the reasonable attitude taken by the Legion officers, who ask that "as liberal treatment be given as is consistent with the general welfare of the people."

A DIFFERENCE OF OPINION ABOUT THE RAILROADS

No less an authority than the Railway Age differs sharply with Director General Hines in his statements that the railroads were returned to the owners in good condition and that they were operated more economically by the government than they would have been under private control.

This is certainly not correct as to passenger equipment, because the government never in more than two years of government operation bought a single passenger car. It can hardly be true as to locomotives and freight cars, because in two years of government operation the government bought only as many locomotives and freight cars as were required to replace the number ordinarily retired in one year.

Government operation has caused numerous changes in the official personnel of the railways. It will be a long time before the roads will recover from the effects of the ruthless disruption of their official organizations which occurred under government control.

PLU RESULTS IN COURT TRIAL

An unusual case was recently tried in a New York court as the result of a case of the Plu. The finding as reported by West & Co. should be of interest in many localities.

It appears that plaintiff was employed by defendant at a weekly rate of wages, subject to deduction from loss of time, on a

pro rata basis of so much per hour. Within the course of the contract period of employment an epidemic of influenza broke out and a change was made in the hours of service so that instead of working from 8 in the morning till 5 at night the plaintiff only worked from 9:30 to 6. This extended over a period of four weeks and plaintiff's time of absence was deducted accordingly. He then sued for recovery of payments withheld and recovered judgment in the lower court. The record showed that the court below personally conducted an examination of plaintiff as a witness, and that he testified that he and the other employees quit work at 6 o'clock because there was not work enough for them to do. He also stated that he did not talk with his employers about the change of hours, "because we didn't have any work."

Rippling Rhymes By Walt Mason

Forgotten. You know how savagely we swore that profiteers must go, six months ago, or maybe four—for they're a public foe. There was a marshaling of clans of lawyers brave and bold; and there were fierce statistics fans, whose zeal would never grow cold. Our breasts were filled with golden hope, we planned out gorgeous schemes; we saw the hangman with his rope walk through our fevered dreams. Up on the highest galleons tree the profiteers would hang, and we would dance, in honest glee, about the swinging gang. And still by prices we are pinched, we weary sons of toil; and has a profiteer been lynched, or shot, or boiled in oil? We send the lesser scamps to jail for swiping grocers' beans, embezzling paltry chunks of kale, or robbing slot machines. Our brave resolves have taken swings and flown to roasts afar; alas, we're always starting things which left unfinished are. The rising prices make us wail as we shell out the socks; I've seen no profiteers in jail or in the village stocks.

By C. Gardner Sullivan In Cairo, in the magnificent Palace of the Dawn, lived Mignon, the butterfly creature who craved admiration. Very material want was hers, yet she was unhappy. Around the corner was the Street of Beggars where dwelt stark poverty, deadly diseases and filth beyond description, and there, in that terrible hovel of sorrow, the woman who sought happiness in giving to the poor found it in a beggling child and an old demented, hushheeh-drugged man whose one idea was to find and kill the woman who deserted him. These miserable creatures are her husband and child.

MR. RUSSEL MAKES HIS POSITION CLEAR

Sends Pointed Reply to Wood, Illinois Campaign Committee Chairman.

Nathan William McChesney, Illinois chairman for the Leonard Wood campaign committee, who has won recent fame by his telegram to senators and congressmen from Illinois, enlisting their support, sent a like message to a number of men prominent in state political affairs.

State Auditor Andrew Russel received at his home here one of these telegrams asking for aid in bringing out Wood sentiment in this district. He was also requested to suggest the name of Wood men in the district for membership in the campaign committee. Mr. Russel's reply sent yesterday, left no doubt as to the support of the Gen. Wood campaign which may be expected from him.

"I am for Frank O Lowden for president and hope he will be inducted into the president's office one year from today. In answer to your telegram received today, "Andrew Russel."

MUNICIPAL GOLF CLUB ORGANIZED

Purpose Is to Increase Interest in Game and to Make Betterments at Park

An enthusiastic meeting of local people interested in golf was held last night at the city hall. As the result of the discussion the Municipal Golf Club was organized and the following officers elected:

President—Felix E. Farrell. Vice President—J. W. Hubble. Secretary—Treasurer—Marey W. Osborne.

Membership in the club was divided into two classes: (a)—those who contribute \$25 or more to the fund, and (b)—those who contribute \$10 or more to the fund. Members of the club will of course have no more rights or privileges on the public golf links than will non-members. However, it is hoped that a large membership can be secured and a fund of \$1,800 or \$2,000 thus raised. The money will be used for bettering the conditions of the golf links and for some special improvements.

Betterments Planned. It is proposed to fill in the ditch at the extreme south side of the park and this will cost approximately \$500. Another fill is proposed at the southwest point of the lake, and the estimated cost is \$300.

Other betterments planned will easily require the amount of money indicated. Last year those especially interested in golf made up a fund of \$649.50. Practically all of this was expended, altho at the end of the season the treasurer had a balance in the fund of \$60.08.

In addition to electing officers the club appointed an executive committee, which includes the officers, together with T. A. Chapin, Curtis Copp, Paul Samuel and Dr. George Dinsmore. A membership committee was also named, including Curtis Copp, C. Y. Rowe, Keith Montgomery and Jewell E. Scott.

Mr. Tiplady, who is superintending the changes at the park, was present and a number of matters especially relating to the golf course were discussed with him.

There were twenty five or more persons present and all of them enrolled as members of the Municipal Golf club and made contributions to the fund as follows: (Class A (\$25 Each) T. W. Beadle, T. A. Chapin, Clifford Alves, A. T. Capps, C. S. Sepp, W. S. Camp, Dr. George Dinsmore, Henry English, F. E. Farrell, Cass Hamm, J. W. Hubble, Robert Mullenix, Keith Montgomery, Nelson McMurphy, M. W. Osborne, R. Y. Rowe, H. P. Samuel, R. C. Singley, H. L. Caldwell, C. Y. Rowe, \$50.

(Class B (\$15 Each) A. L. Conlee, S. N. Foley, J. T. Flynn, Virgil Edwards.

A LONG SOUGHT RELIEF FOR WOMEN Woman's highly nervous and complex organism is very easily affected by the strain of her duties. The continual drain of housework alone puts a burden upon the system which, if not relieved, soon makes an old woman out of many a young and energetic Mother before her time. Especially is the back the point of severe strain and the cause of suffering. It is the pressure of strained, moveable bones of the spine on the nerves that causes disturbed functions and leaves women tagged-out. CHIROPRACTIC WILL BENEFIT For this reason, women who are run down because of housework, or business duties, and Chiropactic of benefit. The Chiropactor adjusts the spine, corrects spinal defects and removes the pressure from the nerves. Normal nerve function is thus restored and Nature goes about its work unimpeded, to build up the system, strengthen the weak and diseased organs and increase the disease resisting-power of the body. There is nothing embarrassing about Chiropactic. No drugs or surgery are used, yet it insures the best results. CHIROPRACTIC THE BETTER WAY TO HEALTH Many women who are not sick, but who feel run down and tired, take Chiropactic adjustments to keep fit and to maintain their bodily vigor. For Health's sake learn more about Chiropactic (KI-RO-PRAK-TIC). DIDN'T KNOW WELL DAY IN 5 YEARS

President of Parent Teacher's Association Says No Home Should be Without Tanlac.

"It certainly is wonderful how quickly the right medicine will get a person to feeling right again," said Mrs. O. J. Wheeler, residing at 1421 Harrison street, Kansas City, Missouri, while discussing the merits of Tanlac, recently.

Mrs. Wheeler is president of the Parent-Teacher's Association, of Hamilton School District, a prominent member of the Woman's Bee Hive Auxiliary of Macabees, also a graduate nurse and is not only popular socially, but is active in all civic matters and is one of the recognized leaders among women in her community.

When asked if she was willing for her statement regarding Tanlac to be made public, Mrs. Wheeler said:

"Yes, indeed, and you may tell them I am speaking from experience when I say I consider Tanlac by far the best medicine I have found. If I had not taken it I believe I would still be a sick woman, as I had just tried everything, and I am glad to make a statement that may be of some benefit to others who are trying to find relief.

"Five years ago I received injuries in a fall, which resulted in my health becoming very poor and I could get nothing to do me any good. Then in the spring of last year I was taken down with the 'flu' and being already in a weakened run-down condition, the attack was extremely severe on me. I was left with no appetite and my stomach in a worse condition than ever. I could hardly eat anything without suffering intense pain and such a pressure on my heart that I could scarcely breathe. I was losing weight, had the worst sort of headaches and was so dizzy at times I could hardly walk. I also had severe pains in the small of my back, suffered with heartburn, constipation and bloating, and never knew what a well day was.

"I had been reading the testimonials for Tanlac for sometime and, as some of them were given by people of my acquaintance, I concluded to try the medicine myself. Well, it just seemed to suit my case exactly and has acted so differently from other medicines I have used. By the time my first bottle was gone I had a good appetite and the gas had stopped forming on my stomach. Then I bought another bottle, then another and so on and just kept improving until my ailments all disappeared. I am now enjoying better health than I have in five years. In fact, I am feeling unusually strong and well and all the praise, thanks and gratitude for this wonderful change in my condition belongs to Tanlac. If everybody knew its value as I do no home would be without it."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading druggists in every town.—adv.

SCHOOLS HAVE GREAT TASK BEFORE THEM

Officers Must Constantly Seek That Which is Best from Educational Standpoint.

Various matters of interest to educators and the schools of the state are touched upon in a recent letter issued by Francis G. Blair, state superintendent of public instruction. He said:

There is so much that needs to be done in order to give our children a real exposure to a real education that one should hesitate a long time before closing the door against any person who comes bearing what seems to be good educational material. Heav-

en knows we have shut in many things which should have been shut out and locked out many things which have a right on the inside. All of which may be easily and truthfully said, but many who will readily admit and even insist upon the truth of this statement will be very reluctant to so or acknowledge the fact that we have kept in many things which should be in and we have kept out many things which should have been kept out. Not all that we have admitted and "entertained un-

awares," have proved to be educational angels, and not all that we cast out were devils. It is not an easy matter to decide. In fact, all things being considered, the school system has done surprisingly well in its selections and rejections.

New Materials Offered
A certain distinguished man has declared that he has a "single track mind." A teacher trying to take care of the crowded traffic in our modern course of study needs to have not only a double track mind, but many miles of siding to take care of the car loads and train loads of new educational matter and materials which are vigorously trying to get the right of way. As long as the signal system is safe and one person giving the orders, the teacher and her pupils may be saved from collisions and wrecks, but her position becomes impossible when orders and signals begin to come from many quarters ordering movement in opposite directions on the same track.

Some of the well meaning persons who are seeking to get their gift horse within the walls of public education fall utterly to understand the reasons why it is not admitted. Here are some of them: It is said that Agassiz could, after a study of the scale of an unknown fish, construct its complete form. Now, many persons who discover a simple thumb nail idea in education proceed immediately to construct around it a complete course of study and insist upon the creation of an entirely new educational heaven and a new educational earth. It is this constant attempt on the part of some of our modern thinkers and dabblers in education "to revitalize the entire course of study," "to reconstruct the whole curriculum" that causes much of the doubt and hesitation on the part of serious teachers.

Many of these teachers may have seen a flaming education soul come into their system and reconstruct it from the kindergarten up only to be followed in a few years by another pedagogic illumination who proceeds to scrap all of the expensive machinery installed by his predecessor and to do a wholesale job of reconstructing on his own hook.

Kingdoms Rise and Fall
They have seen many revitalized and reconstructed educational kingdoms rise and fall until in sheer self defense they seek to get hold of something which seems to be anchored. Excessive radicalism in education, as in social affairs, provokes and calls forth excessive conservatism of another reason why so many vendors whose educational ideas do not find a reception awaiting them at the school door is that there are so many of them. The teachers would be compelled to have on their reception clothes and smile and to be standing at the door most of the time if they should meet all those who come claiming for a certainty that they are bringing the real panacea for all pedagogic ills.

But perhaps the teacher's greatest distress and confusion arises

out of the conflict and collision of the ideas and orders of her educational superiors and advisors. All sorts of persons claiming to represent the last word in the way of authority and finally are directing her to do the same thing in several different and impossible ways, at the same time—district officers, county officers, university officers, state officers and federal officers all urging or demanding that the teacher shall handle only their particular brand of educational goods and in their particular way or suffer the penalty of an educational boycott from that particular educational authority.

There must be some pedagogic divinity that guards the teacher and keeps her mind sweet and wholesome and sane through it all. Really she is doing remarkably well. She is the persistent, continuing force throughout the flux and flow of changing administration and theories. She is the great transformer that "steps down" the high voltage plans and theories of her superiors to the capacities of the children. She stands between the half baked educational revolutionist and the slaughter of the innocents.

Livestock Breeders Association
Secures Morgan Street Lot—
Large Building Is Planned.

Announcement has just been made that the Morgan County Livestock Breeders association has purchased a lot on East Morgan street and will proceed with

the erection of a modern sales pavilion. The property acquired for which a contract has been made, is the site of the old Dods-worth barn, for years leased by T. J. Packard. The property was purchased some time ago by Albert C. Metcalf, who later sold the building to A. W. Becker and it was removed.

The lot is 90 by 180 feet in general dimensions. The plans for the building have not been prepared but will call for a substantial structure which can be

used for purpose other than sales. The building will of course include a livestock show ring. It is proposed that there shall be ample room for offices, storage and for a rest room if arrangements can be made with the Morgan County Farmers club.

It is known that the reorganized club with its 1,000 members will need larger quarters and that there will be storage of seeds and development along various lines.

The members of the association

also hope that local people will show such interest in the enterprise that a second story can be included in the plan and thus a very spacious assembly hall secured for Jacksonville.

The intention is to use this pavilion for the sales held by members of the association and for other sales. Such a building will undoubtedly bring to Jacksonville many sales that would otherwise be held elsewhere. The facilities will be such as to attract the attention of livestock men. There will be many advantages in holding a sale in such a structure and the association is very sure that the result will be to make Jacksonville something of a livestock center. More sales will mean more visitors to the city and there will be the natural resulting benefits to general business.

BRIDGMAN SALE

RECEPTION GIVEN AT
SCOTT COUNTY HOME

Mr. and Mrs. Cordell Scott entertained in honor of Mr. and Mrs. Ervin Knapp, newlyweds—T. J. Priest and family occupy New Home—Other Items of Interest.

Winchester, March 4.—Mr. and Mrs. Cordell Scott entertained about forty relatives and a few friends at a 4 o'clock supper Thursday afternoon, in honor of Mr. and Mrs. Ervin Knapp who were married in Jacksonville that afternoon. At 6:30 o'clock a reception was held, attended by a large number of the friends of the young people. Excellent refreshments were served during the hours.

T. J. Priest and family moved Wednesday to their home in the northeast part of town which they recently purchased from the late George Collins estate.

Arthur Bush and family moved to the Mrs. N. C. Williams property just west of the Methodist church.

Arthur Smith arrived Thursday from Indianapolis, Ind., to visit his father, A. C. Smith, and other relatives.

The high school basketball team left Thursday noon for Jacksonville to take part in the tournament.

George Stewart, daughter and son moved to St. Louis Wednesday afternoon and joined Mrs. Stewart, who has been visiting there.

George Reuter moved Wednesday to a farm east of town recently vacated by Nathan Wallace and family. Mr. Wallace has moved to a farm near Bloomfield.

Misses Louise Dawson and Rowena Martin of Jacksonville are coming Friday for a short visit with friends.

The Giles and C. E. Tankersley sale has been postponed until March 10.

Matrimonial

Ryman-Strubbe
The marriage of J. G. Ryman and Miss Amanda Strubbe was solemnized in this city Wednesday afternoon by Rev. J. G. Kuppier at the Salem Lutheran church. The ceremony was witnessed by only a limited number of relatives and friends of the young people.

The bride, whose home is in Chapin, is a young woman of many admirable qualities and numbers her friends by the score. The groom is a young farmer of the Alexander vicinity and he and his bride will at once go to housekeeping on a farm eight miles northwest of Jacksonville. They have the best wishes of their many friends for a happy married life.

Deaths

Myers.

John Myers died at his home near Pisgah Thursday evening at 8:25 o'clock. He suffered an attack of bronchial pneumonia several days ago which resulted in his death.

Mr. Myers came to this neighborhood from England when a young man and has lived here ever since. At the time of his death he was 76 years of age.

Mrs. Myers preceded him in death five years ago and he leaves to survive him, the following children, George Myers of Jacksonville, J. R. Myers of Springfield, Fred Myers of Macoupin county, Mrs. Tom Ward of Litterberry, and Miss Sarah Myers, who lives at home.

Hill.

The death of Mrs. Sarah E. Hill occurred at a local hospital Thursday after an illness of a number of weeks. The remains were taken to the Reynolds Mortuary and plans for the funeral will not be made until the arrival of William S. Talbot, of Gary, Ind., son of the deceased.

Mrs. Hill was a daughter of the late Mrs. Allen, an early resident of Jacksonville whose home was for many years at the northwest corner of College and Sandy streets. Mrs. Hill was a member of the Christian church and was a woman of kindly spirit ever willing to favor her friends. So far as known Mrs. Hill had no relatives living here.

Announcement of the funeral will be made later.

REBEKAHS PLAN FOR
BOOSTER MEETING

Committees Have Been Appointed to Plan Program—State Officials Will Be Here.

Members of Jacksonville Rebekah lodge No. 13 and Caritas Rebekah lodge No. 625 are planning to hold a booster meeting on Thursday, March 18.

At this time the local lodges will have Ida Sherman of Chicago, president of the Rebekah State Assembly; Mae Crowell of Rockford, state secretary and Grace Henry of Sandwich, chief of examiners and instructors, present.

It is the intention to hold a school of instruction and it is probable the degree will be conferred at this time.

At its last meeting No. 13 appointed a committee consisting of Mary A. Olds, Blanche Cully and Mary R. Davis to confer with a like committee from Caritas lodge. This committee met with the committee from Caritas lodge Thursday evening. The Caritas committee is composed of Mrs. Spillman, Mrs. Seymour and Mrs. Campbell.

More definite plans will be worked out by joint committee and it is hoped to make the meeting on the 18th one of the greatest in local Rebekah history.

"PARLOR, BEDROOM AND
BATH" AT THE
GRAND SATURDAY

A new tale of a modern way-side inn is the description that best fits "Parlor, Bedroom and Bath," the uproarious farce hit which A. H. Woods will present at the Grand Theater on Saturday March six, direct from a year's run in New York and Chicago.

For the past seven months "Parlor, Bedroom and Bath" has been playing to capacity audiences at the Republic Theater, New York, where it proved to be one of the most popular comedy successes in recent years.

The play is in three acts and is the joint work of C. W. Bell and Mark Swan. It is said to contain one of the most original and novel plots embodied in a comedy. Mr. Woods firmly believes in the policy of not divulging the plot of a play in advance, since it robs the play of the elements of surprise. But, as far as can be learned, "Parlor, Bedroom and Bath" concerns the tribulations of a meek and modest young husband whose wife is proud of his imaginary amours.

Compelled to sustain this romantic reputation or lose the regard of his spouse, the young benedict becomes involved with more venturesome ladies than he had ever seen under one roof. The scene of his mad escapade is a private suite consisting of a parlor, bedroom and bath in a lonely wayside inn. The developments that ensue promise to furnish theatergoers of Jacksonville with a most amusing theatrical entertainment.

freshed by a question as to whether he had been stopped from talking at some meetings, he said, that on two or three occasions he had been warned "not to talk politics."

Memory Is Poor.
Ladd could not remember the name of any town in which he spoke and he said he kept no account of his expenses and had no idea of what the amount was, except that "they took nearly all of what I received."

Asked if he did not get the entire \$450 in a single payment and if Frank Blair, treasurer of the Newberry committee, had not furnished Chilton with that amount of cash, Ladd replied with an emphatic negative.

Hal P. Smith, attorney for Blair, objected that Ladd was nothing in the record to justify the question and that Blair had from the Blair report filed at Lansing this item:

"To reimburse F. V. Chilton for money advanced to George S. Ladd, \$450."

At the end of the Ladd testimony Mr. Dattler asked if he had employed counsel in the case. Ladd said he had given Mr. Murphy a written authorization to act for him.

But you employed nobody," persisted Mr. Dattler, on which Ladd, protesting that the government counsel had signified him as a "nobody."

Judge Sessions admonished the angry attorneys that such exchanges "must never happen again in his case."

Clifford L. Shellen, private secretary to King in the campaign, said he had his assistants about ninety per cent of their time on the road. He said he knew of no counts in Michigan that they did not visit and that they also went to New York to visit Newberry. He said King dictated from 100 to 200 letters and telegrams a day and that he wrote to Newberry two or three times a week.

Sibben handled expense matters on the trips and said he got all told in the neighborhood of \$14,600 from Emery. He said he turned in a memorandum of expense after each trip.

Funerals

Delaney.
Funeral services were held Thursday afternoon for the two year old daughter of Mr. and Mrs. Daniel Delaney of the Grace Chapel neighborhood. The child passed away Wednesday at noon following an attack of double pneumonia. Interment was in the Moss Cemetery.

WAVERLY TEACHERS
BROUGHT SUITS HERE

Secured Judgment Against School Board for Month's Salary.

In Squire Dyer's court yesterday Misses Collins and Sale, who until recently were teachers in the Waverly township high school secured judgment against the board of directors. It seems that the teachers were discharged by the board recently on the ground of incompetence. The teachers demanded pay for the month and the board offered pay until Feb. 20. The complainants were yesterday represented by W. N. Hairgrove and judgment for \$100 and costs were entered against the board in each case, \$100 being the amount of the salary alleged to be due.

It is understood that the fact that the teachers were active in dances and other social events led up to their dismissal. John J. Reeve appeared as attorney for the school board.

Now for a new belt—

Did you ever see anything to beat the way the average male citizen hangs on to his old belt? Wears it till it's frayed and dingy—unfit even for a job in the old woodshed.

"Oh, I forget," is the usual explanation. Here's a mental stimulus—a reminder. This is belt-buying time—we've just received a new stock of Braxtons.

Of course you know the Braxton—it's the fashionable belt for men. And it comes in seven leathers—you also get your choice of buckles. You'll like the looks of this belt—and more, you'll like the smoother, smarter hang it will give your trousers, and the comfortable way it will fit to your waist.

This is belt buying time—come in today for one of our new Braxtons.

You will enjoy wearing this belt as much as I enjoy selling it to you.

MEMORIAL FUNDS FOR ILLINOIS COLLEGE

Fifteen Thousand Dollars Added to Endowment—Memorials For Rev. Wm. Kirby and George W. Moore

President Rammelkamp, of Illinois College, has returned to the campus after an extended trip in the East. The chief object of his trip was to develop an interest among the alumni and friends of the college in the effort which is being made to raise the one-half million dollar fund. The president was associated for part of the trip with Dr. Thomas W. Smith, who is acting as assistant director of the campaign. As a result of the efforts of the last few weeks \$15,000 has been added to the fund. The total subscriptions now amounts to over \$70,000, which has been duly recorded on the endowment meter in the chapel.

The subscriptions include two memorials. One is a fund of \$2,000 subscribed by Mrs. M. E. Dwight, of New York City, in memory of her father, the Reverend William Kirby, and is to be known as the Reverend William Kirby Memorial Library Fund, the income of which is to be used for the purchase of books in the field of Biblical Literature and Philosophy. The alumni and friends of the college will be greatly pleased to learn of the establishment of this memorial since William Kirby was one of

the honored founders of the college having been a member of the famous Yale Band. He was for many years a trustee of the college, and in addition to his work for the institution, did great service for the pioneer state of Illinois in the promotion of religion and education in many fields.

During his life time, he had the record of being one of the most faithful members of the Board of Trustees, never failing but once to attend the regular meetings of the board. On that particular occasion he was prevented from attending by a storm.

For Library Fund—The other memorial is one of \$2,000 established by Miss Eleanor Moore, of Jacksonville, who is spending the winter in Washington, D. C. Miss Eleanor Moore established this memorial in memory of her father, George W. Moore, of the class of '53 and it is to be known as the George W. Moore Memorial Library Fund. The income of the fund is to be used for the purchase of books in the department of history.

Mr. Moore, who died about two years ago, was one of the most respected farmers and citizens of Morgan county. When the Civil War broke out a few years after his graduation, he enlisted, becoming a member of company G of the First Regular Missouri Volunteer Cavalry. His record in the war was most honorable. Mr. Moore was also a very loyal alumnus of the college, and especially during his later years showed a warm affection for his Alma Mater. His daughter has established the memorial as a testimony to her father's career in the civil war and his affection for the college.

Interest Shown In East. Among the places visited by President Rammelkamp, were Chicago, Pittsburgh, Cleveland, New York, Washington, D. C., and Sloan, Iowa. In New York he attended a luncheon and conference of the Eastern Endowment committee held at the Harvard club. Harry N. Kirby, '97, is chairman of the New York committee and J. C. Coleman, '01, is its secretary. In Washington President Rammelkamp met and conferred with such well known alumni as T. Fletcher Dennis, '79, head of the Law Division of the Federal Bureau of Prisons; A. D. Merritt, ex '84, Principal Examiner in the Patent Office and Richard Yates, '80, Congressman-at-large from Illinois. He also had a conference with Henry T. Rainey, who is on the National Endowment Committee of the college. Hon. William B. McKinney, who has helped the college in the past, showed his continued interest by making a subscription to the present campaign.

In Sloan, Iowa, Dr. Rammelkamp, visited in the hospitable home of Bertel M. Stoddard, '91, who is one of the leading farmers and public spirited citizens in northwestern Iowa.

While the president was spending his time chiefly in the East,

Dr. Smith was interviewing the alumni of Chicago, many of whom have subscribed to the fund. Arthur D. Black, '91, is chairman of the Chicago committee.

Plans are being formulated for a vigorous prosecution of the campaign during the next few months. The committee especially feels the necessity of a liberal contribution from Jacksonville, and Morgan county in order to achieve success in the campaign. Probably a local committee will soon be organized.

On Friday President Rammelkamp, Messrs. Smith and Worthington and some other members of the Board of Trustees will attend the banquet to be given by the Springfield alumni. The affair will be held at the St. Nicholas hotel. Roy Z. McKown, '66, is in charge of the arrangements for the Springfield banquet.

JUDGE LAYMAN WILL RETURN TO THIS CITY

In a recent letter to the Journal Judge M. T. Layman who has been in Chicago for more than a year, tells of his expectation to return to this city. The judge also commends the choice of the Committee in naming the new lake.

Chicago, Ill.
March 3, 1920.

Dear Journal:
I like the name Mausalesterre for the new lake, for several reasons, one is, that like the Journal its name has been so long identified with Jacksonville that when we mention either of these names we at once think of the Athens of the West.

When in Jacksonville last I spoke to one party about naming it after one of those who had rendered so much service in establishing it but he thought best not to name it after any one living.

As spring begins to open up I want to move, so I will return to Jacksonville on Friday of this week to remain permanently, or as long as I am able to work and I hope that priceless boon will continue until Gabriel blows his trumpet, and may that event be postponed for many, many years.

Very Truly Yours,
M. T. Layman.

I have twenty one high grade horses and mares averaging from 1200 to 1600 pounds, most of mares in foal to good Jacks, for private sale at Murrayville. Alex Story.

FARM BUREAU NOTES

The Labor Situation—At this time we are having more than enough married men report for farm work to supply all demands if farmer and farm hand could be gotten together. It has been the custom at the office to give every would be farm hand the names of several employers and turn him loose. Occasionally this list of several names causes a farm hand to conclude that he can make his service without the least trouble and consequently he is decidedly exacting when it comes to making terms.

The same rule holds true in the case of employers. Occasionally a farmer passes up several good prospects in looking for a farm hand without spot or blemish. Finally there is a slight disposition for employers to blackball a farm hand in answering inquiries on the curbstone and a somewhat stronger disposition on the part of farm hands to pass up certain farmers who are spotted as close and hard taskmasters. Brethren such things ought not to be, but they are.

Meeting of Executive Committee—The executive committee of the Morgan County Farm Bureau did not get thru with all the business scheduled last Saturday and will resume work again at 10:30 a. m. Saturday, March 6. These officers are to be commended for giving there time so unselfishly to advancing the farm interests. Occasionally they get jarred by the remark of some knocker or croaker, yet they have had the grit to see the farm bureau movement grow from nothing to a membership of over 1,100, and are not thru yet. Any one is at liberty to attend the session of the executive committee.

Hydrocephalus—This is the veterinarians term for a young animal that has an opening in the forehead from which protrudes a membranous sack filled with water and occasionally a part of the brain. Recently the county agent and Dr. M. H. Clark of the U. S. Department of Agriculture investigated a herd of hogs in which about forty spring pigs were afflicted as indicated. The dams were not closely related, neither was a single sire responsible for the farrow. Very frankly all authorities are puzzled as to the cause. The county agent would like to know of other cases in the county or hear from

The Ladies' Aid society, are making arrangements for the celebration of their 24th anniversary Friday, March 19th. The annual custom of celebrating is with a banquet for the members and their families, which will be served in the church basement, followed by a good program.

Mrs. T. G. Beadles and son Wilbur spent Sunday afternoon with Mrs. Mozelle Irlam, at Passavant hospital. Mrs. Irlam, expects to return home soon.

Mrs. S. B. Robinson, was a Springfield visitor Wednesday.

The Domestic Science club, will meet Wednesday afternoon, with Mrs. C. T. Daniel.

S. B. Robinson, was a Roodhouse visitor Wednesday.

Miss Hilda Osborne, spent Sunday with Miss Pearl Phillips in Chapin.

Mr. and Mrs. J. L. Wyatt, moved to Springfield this week. Warren Wright and family moved where the Wyatts lived, which they purchased from Mr. Wyatt.

Chas. Collins, and family moved where the Wright vacated, Mr. and Mrs. M. L. Robinson moved to Manchester, Austin King and family occupies the place where the Robinsons lived, which Mr. King recently purchased, Lewis Canasty and wife moved to Athensville and Covey Thurston and family moved where the Canastys lived.

The Queen Esther Circle, will meet Friday evening with Misses Iona Mae, and Helen Bell.

Rev. J. C. Bell, visited his son and family at Rankin last week.

E. L. Hamel, of Jacksonville, was a guest Saturday of his former schoolmate and friend, O. N. Angelo and family.

Mrs. Albert Hays, Mrs. S. B. Robinson, Mrs. Harry Cade and Mrs. Warren Jones, were Roodhouse visitors Monday.

J. W. Wright and family spent Sunday with his sister, Mrs. Bert Spahnower and family.

Miss Iona Mae Bell, was a guest of friends in Ashland Sunday, she was accompanied home by her friend Miss Bertha Bergen for a visit.

O. P. Brewbaker and family of Blackstone, spent from Saturday until Monday with relatives here.

W. W. Mehrhoff, was a business visitor in Roodhouse, Saturday.

Murrayville's quota for the Y. W. C. A. fund was \$50.00. This amount was paid by the Ladies' Aid society of the M. E. church.

Norbert Tendick, of Roodhouse visited relatives here Monday.

A family gathering was enjoyed Sunday at the home of Mr. and Mrs. Albert Riggs, in honor of Mrs. Riggs' birthday. A sumptuous dinner was served and day proved one of much pleasure. Those present were, Mr. and Mrs. Chas. Riggs and son and Mr. and Mrs. B. C. Kitzer and children, of Jacksonville, Herbert Riggs and family of Ceres, Walter Riggs and family, Clifford Kitzer and family and Clint Millon and family.

Income Tax Returns—We are doing our best to take care of our share of business. We prefer for members to arrange a date so that we can handle this business in a business like way.

Farm Account Books—We have a supply of these in the office. A farmer who keeps a record of his farm business in one of these books will not only discover where the leaks are in his farm business but will have little or no difficulty in making out his income tax returns. We will gladly assist any farmer in starting a system of farm accounts but we want him to use the book that has been devised for farmers. Life is too short for the county agent to study out every farm account book published. For the sake of uniformity try this one recommended by the county agent throughout the state.

Business Is Good—Since the membership campaign, the farm bureau office is a busy place from 8 to 5. If the county agent was a doctor or lawyer with a clientage like that, he would be in clover. As it is all hands are busy and we are glad that we are. We want farmers to take this farm bureau seriously and call at headquarters, for whatever service they think we can give. That is true cooperation.

Poultry Culling—In Sunday's paper we shall give a technical article on poultry culling. Any person who can read this article ought to be able to cull his own flock. Poultry culling secrets will be laid bare.

IOWA 103—We are recommending this variety of oats strongly to Morgan County farmers. The Iowa 103 is an early white oat with small two medium size kernels, comparatively thin hull, medium length straw and rather light leakage. It is recommended for general use, except where heavy yield of straw is desired. One carload has already been shipped into Morgan county for spring seeding and another order is being made up for additional car. We should like to see every farmer try a patch of Iowa 103 this spring.

The days of horse and hand power farming have gone into the discard—verily, the old order passeth.

—This is just as true for the man who farms an "Eighty" as for the one who farms "Eight Hundred." Speed and a lessening of expense, with a greater return, is the order of the day. The up-to-date and wise farmer uses power farm machinery wherever possible.

Rheumatism Vanished

Centralia man suffered a long time from rheumatism. Natski Blood Purifier was recommended to him and produced wonderful results. His statement should be read by all rheumatic sufferers:

FOR RHEUMATISM

I was laid up with rheumatism from May, 1918 to January, 1919. Could not be on my feet for the most of the time. From September to January I was past going at all. I tried many different kinds of medicine and other treatments all the time. Natski was recommended to me and I gave this medicine a trial. Three bottles put me on my feet again, and I have been working every day since. I can recommend Natski to be a splendid medicine for a sufferer of rheumatism, especially in the feet, legs and arms, if taken according to direction.

Joy Soap

Works like a Wizard

Joy keeps women young and beautiful!

HARD work ages women. The daily house chores, often distasteful, are the telling destroyers.

Why don't you let Joy into your home to do the hard work? Joy, a cool, firm, white soap, goes after pots and pans, dishes and windows, bath tubs and floors, in such a hearty manner that they fairly bristle with brightness! And, my! how clean and sweet the laundry is after washing with Joy!

You never saw anything clean as easily and quickly. There's no scrubbing necessary—just rub a little and Joy disintegrates the dirt, grease and grime almost instantly.

And economical! Joy lasts longer, does the job in less time and better. It doesn't get soft and sticky when wet, either. It's just a plumb everlasting good household soap, working like a wizard all the time. You'll sure like it. Ask your grocer today.

SOME HARD ROAD CONTRACTS LET

Average Cost for Thirty Five Miles Is \$41,000 — Springfield and Jacksonville Road Is Doubt

Contracts for the construction of approximately thirty-nine miles of federal aid roads, the first to be let this year, have been announced by the state division of highways. The total cost is \$1,252,187. The road facts given here are from the Springfield Journal.

Twenty-nine miles of the roads are on the Dixie highway from Danville to the Old National trial in Marshall county. Over nine-hundred miles of the road is concrete at a cost of a trifle more than \$37,000. Five miles of brick will average \$44,740 a mile, and over four miles more, has a long bridge, which boosts the average per mile to \$55,940. The average for the complete contract is about \$41,000 a mile. A stretch of nine and one-half miles from Chillicothe to Henry was let at \$33,897 a mile.

Whether autoists, who make the drive between Springfield and Jacksonville, will enjoy hard roads within the coming year, is a question. Bids, which were received by the division for twenty-eight miles of road, are considered high.

Bids were offered on a total of sixty miles, at an average of \$43,928, as compared with \$47,350 on bids which were received a week ago. It is probable that a decision whether present prices are too high, and the road plan for the year will be abandoned, will be decided at a meeting to be held next week. If the figures are held to be prohibitive, attention will be given to constructing roads for which contracts were let last year, and no new contracts will be awarded.

John E. Bretz of Springfield was the lowest bidder for the contract on Route 21, a distance of five and one-seventh miles on the Jacksonville road. His price was \$177,089, or an average of \$34,309. It is believed that the total amount for the construction of the twenty-eight miles will average close to \$40,000.

S. A. Bradt, superintendent of highways, announced that the bids for the various sections of the state were slightly lower than those received February 11 and February 25, but did not intimate that he believes the slight reduction would warrant the awarding of the contracts under the \$60,000,000 bond issue.

Seventy road contractors from various parts of the country were present when the bids will be received March 10.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

You'll laugh. Apply a few drops then lift sore, touchy corns right off. No pain. Yes, magic!

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

BASKETBALL TONIGHT

K. C. vs. Chanderville, Liberty hall, 8:30 p. m.

THE LEAGUE OF NATIONS.

In the depot at Virden this week I overheard two coal miners talking. Speaking of the shortage of cars, which both agreed was limiting the output of coal, one remarked that hauling material for hard roads caused some of the shortage of cars for coal. Then it was suggested that the hauling of immense amounts of supplies to the seaboard to be shipped to Europe took a lot of cars. One of the men said "Them that think so much of Europe ought to go there and live." The other man replied: "Taint the love for Europe. It's the love for the big money they get for the stuff."

This innocent conversation set me to thinking. The records show that the world bought from the United States \$8,000,000,000 worth of "stuff" last year. About twenty years ago the value of the entire farm products of the United States was just about \$8,000,000,000. And now in one year Europe has bought of the products of the American farm and factory that huge amount of merchandise. And most of it at profiteering prices. Do the profiteers of America owe nothing to Europe? Even if they "don't love Europe," as the coal miner said, will not base, sordid motive of continuing profits constrain these profiteers to help Europe on its feet, so it can continue to buy? If one can't do good for goodness sake, then for "goodness' sake," why not do good for selfish reasons?

The little bunch of senators who are obstructing the treaty and the League of Nations, which all the world is joining, block the way to real help to Europe in its dire need. Soon European credit will be exhausted for lack of stable conditions, America, by ratifying the treaty, could help restore it, after the heroic deeds of our boys in France. America is now silently looking on, while Europe is going thru the terrible ordeal of reconstruction. America is helping Europe like Pilate helped Christ. We wash our hands of Europe and say it is no affair of ours, while our profiteers dive in to make huge fortunes out of Europe's need.

It cannot last. Exhausted Europe will soon cease to buy, even a small fraction of the \$8,000,000,000 she bought last year. Our profiteers will not care. They will retire on the smug fortunes they have made out of Europe's need.

These stubborn senators, who ward off our friendly hand clasp to Europe, by blocking the treaty and the League of Nations, are causing America to stand apart while Europe staggers.

America is silent. The political weather vane keeps still. They are afraid to speak out. The church is almost cowed. There are politicians in the pews. The courage of the press is gone. All because it has not yet been decided in the senate whether twiddle dum reservations or twiddle dee reservation to the League of Nations is the proper form. Eighty senators profess to be for the League, but twiddle dum and twiddle dee reservations to the League of Nations is proper form. A bunch of fourteen irreconcilable opponents of the treaty laugh and smirk and grow saucy at the huge five-sixths majority of the senate that can come to no agreement.

When the Constitution was being framed, it was proposed to lodge the power of making treaties with the senate. Our fathers were wiser than that. They provided that the president shall have power, by and with the advice and consent of the senate, to make treaties. The senate cannot make a treaty. After eight months it has shown

that it cannot even "advise and consent." They did "advise" upon 14 reservations. But when it came to "consenting," the fourteen irreconcilable enemies of the treaty deserted, and left the treaty, with the 14 reservations engrafted on it, with the support of only 39 senators out of 96.

The senate had better show that it can function, that it can agree, by the required two thirds majority, upon some sort of "advice," before it lays claim to the power to make treaties. The trouble is that the spirit of unity, which prevailed during the war, has departed. As Governor Lowden, so aptly said, in his New Year's message: "If we could recapture the spirit of unity which animated all hearts during the war, most all of our troubles would disappear."

Diamonds

Any price is too much to pay for a poor diamond. Any diamond is a good investment if it is a good diamond.

FOR AN INVESTMENT

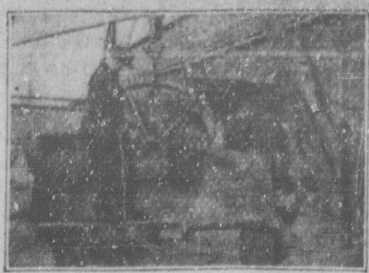

Only diamonds of great brilliancy, fine color and without unsightly or dangerous defects should be considered.

Diamonds of poor brilliancy and color are plentiful and cheap and grow more so every year. The supply of light brown and dull white diamonds is far in excess of the demand and they simply have no future as an investment.

Y. M. C. A. WORK IN SOUTH AMERICA

Association Secretary From Brazil Will Make an Address Here Tonight.

Waldo B. Davison, general secretary Y. M. C. A. at Pernambuco, Brazil, will make an address tonight at 7:30 o'clock at the Y. M. C. A. building. His talk will deal with his experiences as director of the Y. M. C. A. in the Brazilian city of 250,000 population and will be worth hearing.

"The Young Men's Christian Association is accustomed not only to promise, but to perform and we are therefore glad to welcome its extension among us," said Doctor Oliveira Lima, distinguished Brazilian historian, recently minister at the Court of St. James, at the opening of the present quarters of the Association at Pernambuco, North Brazil.

To this equatorial city of 250,000 population, which is now becoming the third port of Brazil, Mr. Waldo B. Davison, after successful experience in Boston and Detroit, was sent to develop a city Young Men's Christian Association. Pernambuco is the hub of half a continent, the entering point and center of influence of a region three-fourths as large as the United States—the largest undeveloped area on the world's surface.

The Young Men's Christian Association of North Brazil, therefore assumes the responsibility of pioneering and implanting the principles of character education as embodied in the Association Movement, in twelve states of the Brazilian union. Under the leadership of Mr. Davison, the North Brazil Association has grown from a membership of 500 in 1916 to 600 in 1920, and from receipts in subscriptions—all local money, from \$250 to \$5500. A promising young lawyer, Dr. Cristiano Cordova, has become an active Christian worker, serving as assistant secretary. The chairman of the six divisions of the work include a prominent editor, a member of the state legislature, one of the foremost thinkers and literary men of the Nation, the owner of a large shoe business and the leading agricultural authority. The latter, Dr. Samuel Hardman, became one of the delegation of four, and because of deep interest in the Association, volunteered his time and paid all his expenses in a 4,500 mile trip to Buenos Aires to attend the last Continental Convention.

Mr. Davison has been able to win the support of the editors of all of the daily papers of the city and state officials and of the banking and commercial interests of the city, and an especial sphere of influence has been established with the powerful Law Faculty which prepares the political and professional leaders of two-thirds of Brazil. President Pessoa, who has expressed publicly his esteem of the Association, was reared and educated in this educational center.

It will be noted that the Young Men's Christian Association, under the direction of Mr. Davison, with the increasingly evident cooperation of the local men of influence, is performing a work of Continental dimensions, whose influence will greatly affect the future of that forward-looking Republic Brazil.

PLEASE STAY IN UNTIL NEXT FALL

That is all we ask of Millikin—Then she can seek "Faster" company as soon as she sees fit.

The sport writers of the Decatur papers are deploring the fact that Millikin has no competition in the Little Nineteen conference and wants her to seek faster company.

The Decatur Review in a recent story recites the long string of victories achieved by Millikin's football and basketball teams and of the over-whelming scores.

Perhaps they did run up over-whelming scores. However one of them was not in the game with Illinois which Millikin won by a score of 19 to 0. And if the accounts of the game appearing in the Decatur papers were true it should have been won by Illinois College.

It seems to us that we have a faint recollection of Millikin going to the state tournament last year with an unbroken string of basketball victories and then losing the championship.

While Millikin may have won the honors in football and basketball more than any other school, yet they have not always held the undisputed title for other teams which they did not meet had equally good records.

And if track work is considered in the field of athletic sports why Millikin need not seek faster fields than the little nineteen. An inspection of this branch of athletics will show Decatur sport writers that Illinois College looks much better than Millikin.

It may be that Millikin is really for faster company than the little nineteen. But there is only one thing we beg of those in control of the school. Please stay in the Little Nineteen conference until after the close of the 1920 football season.

Millikin has a game with Illinois college next fall. We will make a prediction now that unless every man on the Illinois squad falls down and breaks a leg that Millikin is due for a good whipping.

She had it coming to her last fall, but with the aid of horse-shoes and a little boner work by Illinois managed to stave it off. It is coming tho and after that game we care not whether Millikin joins the big ten conference or places her fortunes with Yale, Harvard and Princeton.

Despite \$2,250,000 Spent in Enlarging Plant, the Essex Manufacturers Cannot Keep Up With Demand for Its Superior Car — We Strongly Recommend Your Investigation of the Merits of the Essex, and the Placing of Your Order Now.

Interesting Facts

The demand for automobiles will be greater this Spring than ever before in the history of the industry and the Summer of 1920 will again find the market swept bare of cars forcing owners to wait weeks and sometimes even months for delivery.

The most optimistic forecasts place the production in 1920 at only 2,000,000 cars. Figuring conservatively, there are 6,500,000 cars in use today in the United States. As the average life of a car is five years, the scrapage each year totals more than 1,000,000 cars. So production will be less than double the actual scrapage.

Take the case of the Essex, for instance. In 1919 there were 20,000 Essex built and sold, but even this number proved insufficient to supply the demand. In 1920 the production will be 40,000 cars, the factory having spent more than \$2,250,000

during the past year in enlarging its facilities. But still the number we have been able to obtain is not sufficient to satisfy the need of our customers and will be far short of our requirements when the rush to obtain new cars begins in the early spring.

Of course, the Essex is an exceptional car. By combining all the beauty, luxury and performance of the most costly cars with a moderate first price and the utmost economy of operation, it has filled a transportation need. So the demand for it has been usually heavy but there will be the same shortage of all good cars next summer as there was last year.

Therefore the only way to avoid disappointment in obtaining a car for early delivery is to order at once.

Before the largest crowd that ever witnessed the opening of a district basketball tournament, Jacksonville High won its first game Thursday night, defeating Gillespie by a score of 49 to 24. The score, however, does not indicate the superiority of the local players. The men when they did get to going played some pretty basketball. The shooting was the most accurate that Jacksonville has shown this season. When the first game started the seats were full and many of the Jacksonville rooters had not arrived. When the time arrived for the Jacksonville game many extra seats had been placed and the crowd overflowed onto the playing floor.

There perhaps never was a greater demonstration seen in the city than that when Capt. Lucas led his squad on the floor. There was a riot of noise and color as the yell leaders raced up and down in front of the bleachers calling forth the well known Jacksonville yell.

Gillespie had a team composed of small men but they were fast and for a time they puzzled the locals and tossed several baskets keeping within hailing distance during the first quarter.

In the second quarter Hufford's scoring machine got to work and from that time until the final gun it was merely a question of how many points would be scored. All of the men played an excellent game, Lucas and Wood being the chief point makers. Ransdell Green and Hunt played an excellent defensive game. The first turned out to be a side line for personal fouls in the fourth quarter and Gard who took his place did good work.

The games between Barry and New Berlin and Girard and Franklin were not of an exciting nature. New Berlin and Barry scored the tournament. The teams played nearly thru the first quarter before a point was scored and through the remainder of the game in basket shooting. The Girard-Franklin game was the slowest game of the evening. Franklin did not offer much opposition to Girard which scored almost at will. The Girard five did some pretty passing and some good shooting. Whether they can do so well with stiffer opposition will be shown when the team meets Jacksonville this afternoon.

The arrangements which were made by Principal Hopkins for handling the tournament seemed nearly perfect, judging from the manner in which the crowd was handled and the games kept moving fast night. It speaks well for the local management that everything was run off so smoothly. Visiting players as well as

spectators were loud in their praise of their treatment.

One of the main features of the play today will be the game between Waverly and Jerseyville which is the second on the card this morning. The game is scheduled to start at 9 o'clock.

These teams are considered two of the strongest in the tournament and one will be eliminated from further participation. This means that the battle will be a hard one to keep in the running.

The officials I. B. Potter and W. E. Rose gave excellent satisfaction. Mr. Potter has officiated here many times and local fans are familiar with his work. Mr. Rose officiated in the game between Jacksonville and Gillespie and his work gave satisfaction to both players and spectators. The work Thursday night indicates the tournament will have satisfactory officiating.

PUBLIC SCHOOL NOTES.
Samples of penmanship of each student in the grade schools are posted in the rooms this week. This is a part of the measurement of penmanship which is being carried on in the schools. Samples are taken for September, December and March and compared and measured for improvement. When this work is completed the samples will be compared with the samples of pupils in other cities. Supt. Perrin stated that if it is possible an exhibit will be placed in a show window down town showing just how the measurements are made.

The drinking water of all the grade schools and the High school, has been inspected again and was found to be good in all the schools. All the teachers of the public schools are now back in their school rooms and the schools are at normal after the epidemic of sickness which has swept Jacksonville.

JUNIOR H. S. GAMES
AT Y. M. C. A.
Four games were played at the Y. M. C. A. yesterday afternoon in the Junior High school league. The 2nd Division won from the Yankee division by a score of 28-10. The Prairie Division took the game from the All-American division at 9-2. The Rainbow Division won from the Fire Division 18-7. And the Black Hawks won from the Sand Storm Division 29-5.

MISSION BOARD TO MEET THIS AFTERNOON
The Christian Woman's Board of Missions of Central Christian church will meet at the church parlors at 2:30 o'clock this afternoon. The subject will be "The Healing of Thibet" and Miss Eleanor Thompson will be the leader.

Social Events

Deaf Soldiers Subject at Fortnightly Club.
Mrs. H. L. Caldwell entertained the Fortnightly club at her home on West College avenue yesterday afternoon.

Miss Ruth Bailey read a very interesting paper on the work that is being done for soldiers who were made deaf during the war, and especially what is being done at the Hospital for the deaf soldiers at Cape May. The hostess served refreshments after the program.

Mrs. T. O. Hardesty Entertains Baptist Women

The Woman's Missionary Society of the First Baptist church held its regular monthly meeting and quarterly tea at the home of Mrs. T. O. Hardesty, Thursday afternoon. After the devotional hour and business session the first chapter of the new study book "A Crusade of Compassion" was reviewed by Mrs. E. L. Crouch.

A social hour followed and delightful refreshments were served by the several hostesses.

Litterberry Christian Ladies' Aid Meets

Mrs. C. P. Henderson was hostess Thursday afternoon to members of the Ladies' Aid Society of the Litterberry Christian church. The attendance was not up to normal but this was accounted for by the unfavorable weather conditions. The afternoon was spent in a pleasant social way following the business session and the hostess served delicious refreshments.

The next meeting of the society will be held with Mrs. William Phillips on April 1.

Birthday Social at Alexander M. E. Church.

The ladies of the Alexander M. E. church held a birthday social in the basement of the church Wednesday afternoon. This was the first birthday social held since November, as health conditions made postponement advisable.

The hostesses Wednesday afternoon were Mrs. Silas Moats, Mrs. John Morgan, Mrs. John Erickson and Mrs. Hogen, and those present found the afternoon a most enjoyable one. No formal program was carried out, the women devoting the time to fancy work and conversation. Most excellent refreshments were served by the hostesses before adjournment was taken. The offering amounted to \$5.20 and this will be added to the society's treasury.

Delightful Children's Party at Bristow Home.

Miss Helen Frances Bristow gave a "blue bird" party Thursday afternoon at the home of her parents, Mr. and Mrs. F. W. Bristow, on West North street. The event was in honor of Miss Elizabeth James who will leave within a few days for her new home in Javenport, Iowa. The home was most prettily decorated for the afternoon, blue birds being most conspicuously in evidence. Music, games and various contests afforded the amusement and during the afternoon the hostess served refreshments dear to the childish heart. Each one present brought a gift for the guest of honor and altogether the occasion was one which the children present will long remember with special pleasure.

Assisting Mrs. Bristow in entertaining were Mrs. G. M. Fuhr and Mrs. L. T. Potter. The mother of the guest of honor, Mrs. W. D. James, was also a guest.

The children present were: Elizabeth Hardesty, Ophelia Birdsell, Isola Green, Frances Cody, Katherine Goebel, Frances Frisch, Wilma Range, Irene and Leah Taiman, Hazel Smith, Eunice Bentley, Frances and Jane Moseley, Helen Ellis.

Hospital Aid Holds All Day Session

The Hospital aid held its regular meeting at the home of Mrs. Edward W. Brown on West State street yesterday. It was an all day meeting, the women came about 10:00 o'clock bringing dishes for their lunch with them. Each person contributed one dollar to the Laundry fund and a great deal of merriment was caused when each woman told how she had earned her dollar. Amounts over one dollar were given by Mrs. S. W. Black, \$6.00, Mrs. Cole, \$3.00, Mrs. Guthrie \$2.30, and Mrs. Floreth \$1.50. The total amount earned was \$54.65.

Mr. Fred Boggs and Mr. A. L. French contributed \$100.00 each to the laundry fund.

Fifteen new members were taken into membership in the Aid during the meeting. During the business meeting, Mrs. Guthrie made a report on the plans for the new laundry which were discussed at the meeting at the Avers Bank last Monday. The Aid voted today \$75.00 on the new gas stove which has been installed in the hospital.

The Aid is in the most flourishing condition and a great deal of enthusiasm and interest is being manifested.

There will be a meeting Thursday afternoon at the home of Mrs. W. L. Alexander on West State street.

HONORABLE DISCHARGE FOR EDWARD CLAYTON

It was announced Thursday morning by Recruiting Officer Choate here that an honorable discharge had been received for Edward Clayton, whose place of residence is given as Alexander. However, inquiry has so far failed to locate the young man. The serial number given is 1989302 and the papers indicate that Clayton was a sergeant first class in the Q. M. C. at Camp Taylor. Anyone knowing the whereabouts of the ex-soldier should communicate with the local recruiting office on East State street.

WANT MAN HELD FOR DESERTION RELEASED

Was Taken from Burlington
train at White Hall just after
his marriage—Ice Plant
Machinery sold—White Hall
News Notes

White Hall, March 3.—White Hall citizens have drawn up and signed a petition in defense of James A. Egan, held for the military authorities at Fort Sam Houston, Texas, on the charge of desertion and suspected robbery. Egan was taken from a Burlington train here last Thursday, and since has been held on instructions from the provost marshal, but so far the promised arrival of a guard has failed to materialize. Egan and his bride were passing through on the Burlington train from Winchester, where they had just been married, and she has since been with her husband's parents here. She has said that it was their intention to go to South America. In defense of Egan, the citizens ask for leniency on the ground of his splendid record in the world war, being twice wounded and once gassed, and upon his discharge he promptly re-enlisted. It is further shown that any such act as may be charged against Egan was committed under extenuating mental circumstances. The move in behalf of Egan also has the backing of the local post of the American Legion.

The machinery of the White Hall mill is undergoing an overhauling to get the plant ready for operations under the management of the new White Hall Milling & Elevator Co. Alonzo Mansfield, well known over this section as a teacher, farmer and real estate operator, began duty today as manager of the mill and elevators. There are still good prospects for securing Frank Frech as miller when the plant is ready for business.

Loses Ice Plant

White Hall is to lose one enterprise in the sale of the machinery of the ice manufacturing plant. A party named Gillman was here last week, and it is said that a deal was consummated with the St. Louis owner of the plant for the purchase of the machinery and equipment. What this means is not yet fully known as the St. Louis owner, P. C. Ball, is financially able to turn the building into other uses, if not for a complete new ice plant equipment. Ball's identity with the interests controlling the Federal Ice and Refrigerating Co. of Roanoke, a new enterprise that is chiefly engaged in icing meat in transit, may figure in the determination to dismantle the ice plant at White Hall.

A move to work an automobile organization out of the recently launched Mississippi Valley club may take shape as the result of unsuccessful efforts to secure an adequate attendance for the purpose of organizing the new club, for which fifty or more members have been secured. It seems that the membership is in favor of a local road promotion organization more general in character than the Mississippi Valley club implies, and an automobile club offers such an organization. However, the importance of the Mississippi Valley Highway at this particular time must not be minimized, because of the organized efforts it is furthering to secure legislation favorable to the route, one of which is to make it a north and south military highway under the provisions of the Townsend bill that is in the hands of a committee of congress. In the meantime state work is being urged in order to improve the route as rapidly as possible as a further argument in favor of the Mississippi Valley route as a military highway. White Hall has been a pioneer in new movements of this and other sorts, and when it gets into organized action with the oncoming of spring it will be working along right lines.

Dr. A. C. Edwards has arrived from St. Louis with his family. The doctor is the federal representative in connection with the operation of the Gregory Farm Laboratory, which is again in operation for the season.

Mrs. J. W. Proffit is at Liege, Mo., this week on account of the serious illness of her mother.

Mrs. F. H. Cox, returned to Farmer City, this week, after being here for over a week on account of the deaths of two of her relatives, Clarence M. Fox and William R. Madden.

Mrs. Mary Wendell, is here from Kansas City to make a protracted stay with her sister, Mrs. Fred Shenkel. Her maiden name was Mary West, and for many years she has resided in Kansas City, where her husband, Joe Wendell, died about a month ago, and was buried there. Mrs. Wendell desires to locate here if she can procure suitable property.

Can Al Hudson come back. Al is game, and the recent losses of his garages at White Hall and Winchester does not seem to have taken the spark of ambition from him. Since the burning of his White Hall garage that set him back \$15,000 to \$20,000, on top of a \$10,000 to \$12,000 loss at Winchester, he has had quarters in the Evans garage here, and his father's arrival from Arkansas City, Kansas, has started a report that the Hudson garage is to be rebuilt on a better scale than ever, and that not many months will elapse until Al will be seen rising Phoenix-like from his recent disasters.

The death of Mrs. Lovina Lewis, occurred at 10 o'clock Tuesday at her home on Carson street. Her age was 69 years, and the greater part of her life has been spent at White Hall. Her husband, Armsten Lewis, was a veteran of the civil war, and he died about twenty years ago. Two sons survive, Albie, of Texas, and Roy, of Winnipeg, Canada, both of whom were with their mother when she passed away. There is a married daughter, Ethel, wife of Charles Jones, residing at Alton. There is one grand child by each of her three children. Mrs. Lewis has three sisters, two of whom are well known former residents of White Hall, Mrs. George Chaney of New Brighton, Penn., and Mrs. Robert Sykes, of Tulsa, Okla. Funeral services will be held at the home Thursday at 3 o'clock by Rev. Leo Howard, pastor of the M. E. church. The burial will be in the White Hall cemetery. Mrs. Lewis had been ill for several months.

MILLIONS Suffer from Acid-Stomach

Millions of people suffer year after year from ailments affecting practically every part of the body, never dreaming that their health can be traced directly to acid-stomach. Here is the reason: poor digestion means poor nourishment of the different organs and tissues of the body. The blood is impoverished—becomes weak, thin, sluggish. Ailments of many kinds spring from such conditions. Biliousness, rheumatism, lumbago, sciatica, general weakness, loss of power and energy, headache, insomnia, nervousness, mental depression—even more serious ailments such as catarrh and cancer of the stomach, intestinal ulcers, cirrhosis of the liver, heart trouble—all of these can often be traced directly to acid-stomach. Keep a sharp lookout for the first symptoms of acid-stomach—indigestion, heartburn, belching, food repeating, that awful painful acid eructation, and sour, gassy stomach. EATONIC, the wonderful modern remedy for acid-stomach, is guaranteed to bring quick relief from these stomach troubles. Thousands say they never dreamed that anything could bring such speedy relief—and make them feel so much better in every way. Try EATONIC and you, too, will be just as enthusiastic in its praise. Make your life worth living—no more aches or pains—no blues or melancholy—no more of that tired, listless feeling. Be well and strong. Get back your physical and mental strength, your vim, vigor and vitality. You will always be weak and ailing as long as you have acid-stomach. Get rid of it now. Take EATONIC Tablets—they taste good—you eat them like a bit of candy. Your druggist has EATONIC—50 cents for a big box. Get a box from him today and if you are not satisfied he will refund your money.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

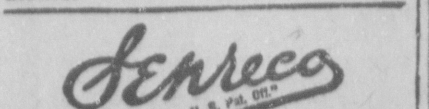

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

INSTITUTIONS, like individuals—in order to give the best Service—to produce the best Results—must be Prepared—must be equipped for it.

NOTHING ELSE in the final analysis counts for very much. It is often questioned—"Why is it that they can produce such excellent Results?"

"WHY IS IT that they lose so few operative Patients at the NEW HOME SANITARIUM?"

FROM THE RECORDS you find—out of 2770 cases operated on and treated at this Institution only thirty-one deaths—about one out of a hundred—BEING PREPARED.

THESE ARE QUESTIONS often asked and discussed. The answer is plainly seen by any one who visits the Institution, and you are always welcome here.

FIRST—It has a staff of eight competent, well-trained nurses who are especially trained in surgical and obstetrical nursing.

WITHOUT these aids, no physician or surgeon can do his best or justice to his patients.

WE OFTEN SERVE the sick by diagnosing the cases only and they get treatment where they choose.

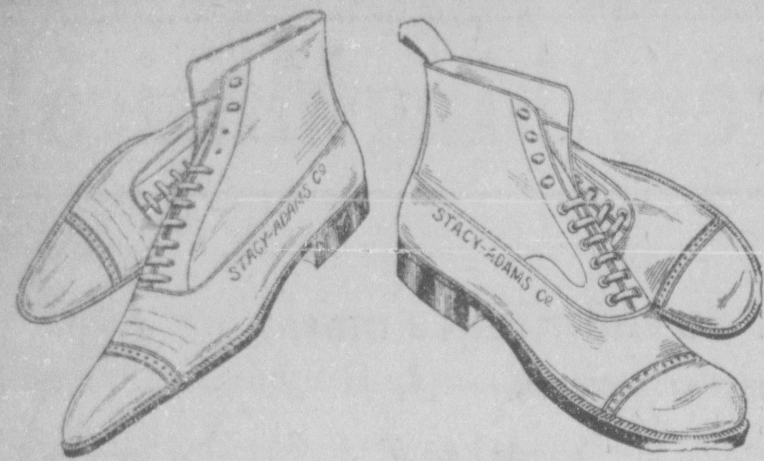

THE MAIN THING is to know just what the CAUSE is—the treatment is easy.

Before the largest crowd that ever witnessed the opening of a district basketball tournament, Jacksonville High won its first game Thursday night, defeating Gillespie by a score of 49 to 24.

The score, however, does not indicate the superiority of the local players. The men when they did get to going played some pretty basketball. The shooting was the most accurate that Jacksonville has shown this season. When the first game started the seats were full and many of the Jacksonville rooters had not arrived. When the time arrived for the Jacksonville game many extra seats had been placed and the crowd overflowed onto the playing floor.

There perhaps never was a greater demonstration seen in the city than that when Capt. Lucas led his squad on the floor. There was a riot of noise and color as the yell leaders raced up and down in front of the bleachers calling forth the well known Jacksonville yell.

Gillespie had a team composed of small men but they were fast and for a time they puzzled the locals and tossed several baskets keeping within halting distance during the first quarter.

In the second quarter Hufford's scoring machine got to work and from that time until the final gun it was merely a question of how many points would be scored. All of the men played an excellent game, Lucas and Wood being the chief point makers. Randall Green and Hunt played an excellent defensive game. The first named went to the side lines for personal fouls in the fourth quarter and Gard who took his place did good work.

The games between Barry and New Berlin and Girard and Franklin were not of an exciting nature. New Berlin and Barry opened the tournament. The teams played nearly thru the first quarter before a point was scored and without either showed much accuracy in basket shooting.

The Girard-Franklin game was the slowest game of the evening. Franklin did not offer much opposition to Girard which scored almost at will. The Girard five did some pretty passing and some good shooting. Whether they can do as well with stiffer opposition will be shown when the team meets Jacksonville this afternoon.

The arrangements which were made by Principal Hopkins for handling the tournament seemed nearly perfect, judging from the manner in which the crowd was handled and the games kept moving last night. It speaks well for the local management that everything was run off so smoothly. Visiting players as well as

spectators were loud in their praise of the treatment.

One of the main features of the play today will be the game between Waverly and Jerseyville which is the second on the card this morning. The game is scheduled to start at 9 o'clock. These teams are considered two of the strongest in the tournament and one will be eliminated from further participation. This means that the battle will be a hard one to keep in the running.

The officials I. B. Potter and W. E. Rose gave excellent satisfaction. Mr. Potter has officiated here many times and local fans are familiar with his work. Mr. Rose officiated in the game between Jacksonville and Gillespie and his work gave satisfaction to both players and spectators. The work Thursday night indicates the tournament will have satisfactory officiating.

PUBLIC SCHOOL NOTES.

Samples of penmanship of each student in the grade schools are posted in the rooms this week. This is a part of the measurement of penmanship which is being carried on in the schools. Samples are taken for September, December and March and compared and measured for improvement. When this work is completed the samples will be compared with the samples of pupils in other cities. Supt. Perrin stated that if it is possible an exhibit will be placed in a show window down town showing just how the measurements are made.

The drinking water of all the grade schools and the High school, has been inspected again and was found to be good in all the schools.

All the teachers of the public schools are now back in their school rooms and the schools are at normal after the epidemic of sickness which has swept Jacksonville.

JUNIOR H. S. GAMES

Four games were played at the Y. M. C. A. yesterday afternoon in the Junior High school league. The 2nd Division won from the Yankee division by a score of 28-10. The Prairie Division took the game from the All-American division at 9-3. The Teinbow Division won from the First Division 18-7. And the Black Hawks won from the Sand Storm Division 29-5.

Mrs. Charles Martin of Jacksonville is ill threatened with pneumonia, and has been removed to the home of her parents, Mr. and Mrs. George Wilkerson southeast of this city. Mr. Martin did Wednesday morning following an attack of typhoid fever and funeral services in his memory will be held today.

MISSION BOARD TO MEET THIS AFTERNOON

The Christian Woman's Board of Missions of Central Christian church will meet at the church parlors at 2:30 o'clock this afternoon. The subject will be "The Healing of Thibet" and Miss Eleanor Thompson will be the leader.

Social Events

Deaf Soldiers Subject at Fortnightly Club.

Mrs. H. L. Caldwell entertained the Fortnightly club at her home on West College avenue yesterday afternoon.

Miss Ruth Bailey read a very interesting paper on the work that is being done for soldiers who were made deaf during the war, and especially what is being done at the Hospital for the deaf soldiers at Cape May. The hostess served refreshments after the program.

Mrs. T. O. Hardesty Entertains Baptist Women

The Woman's Missionary Society of the First Baptist church held its regular monthly meeting and quarterly tea at the home of Mrs. T. O. Hardesty, Thursday afternoon. After the devotional hour and business session the first chapter of the new study book "A Crusade of Compassion" was reviewed by Mrs. E. L. Crouch.

A social hour followed and delightful refreshments were served by the several hostesses.

Litterberry Christian Ladies' Aid Meets

Mrs. C. P. Henderson was hostess Thursday afternoon to members of the Ladies' Aid Society of the Litterberry Christian church. The attendance was not up to normal but this was accounted for by the unfavorable weather conditions. The afternoon was spent in a pleasant social way following the business session and the hostess served delicious refreshments.

The next meeting of the society will be held with Mrs. William Phillips on April 1.

Birthday Social at Alexander M. E. Church.

The ladies of the Alexander M. E. church held a birthday social in the basement of the church Wednesday afternoon. This was the first birthday social held since November, as health conditions made postponement advisable.

The hostesses Wednesday afternoon were Mrs. Silas Moats, Mrs. John Morgan, Mrs. John Erickson and Mrs. Hosen and those present found the afternoon a most enjoyable one. No formal program was carried out, the women devoting the time to fancy work and conversation. Most excellent refreshments were served by the hostesses before adjournment was taken. The offering amounted to \$5.20 and this will be added to the society's treasury.

Delightful Children's Party at Bristow Home.

Miss Helen Frances Bristow gave a "blue bird" party Thursday afternoon at the home of her parents, Mr. and Mrs. F. W. Bristow, on West North street. The event was in honor of Miss Elizabeth James who will leave within a few days for her new home in Davenport, Iowa. The home was most prettily decorated for the afternoon, blue birds being most conspicuously in evidence. Music, games and various contests afforded the amusement and during the afternoon the hostess served refreshments dear to the childish heart. Each one present brought a gift for the guest of honor and altogether the occasion was one which the children present will long remember with special pleasure.

Assisting Mrs. Bristow in entertaining were Mrs. G. M. Fuhr and Mrs. L. T. Potter. The mother of the guest of honor, Mrs. W. D. James, was also a guest. The children present were: Elizabeth Hardesty, Ophelia Birdsell, Isola Green, Frances Cody, Katherine Goebel, Frances Frisch, Wilma Range, Irene and Leah Taysman, Hazel Smith, Eunice Bentley, Frances and Jane Moseley, Helen Ellis.

Hospital Aid Holds All Day Session

The Hospital aid held its regular meeting at the home of Mrs. Edward W. Brown on West State street yesterday. It was an all day meeting, the women came about 10:00 o'clock bringing dishes for their lunch with them. Each person contributed one dollar to the Laundry fund and a great deal of merriment was caused when each woman told how she had earned her dollar. Amounts over one dollar were given by Mrs. S. W. Black, \$6.00, Mrs. Cole, \$3.00, Mrs. Guthrie \$2.20, and Mrs. Floreth \$1.50. The total amount earned was \$54.65.

Mr. Fred Beggs and Mr. A. L. French contributed \$100.00 each to the laundry fund.

Fifteen new members were taken into membership in the Aid during the meeting.

During the business meeting, Mrs. Guthrie made a report on the plans for the new laundry which were discussed at the meeting at the Avers Bank last Monday. The Aid voted today \$75.00 on the new gas stove which has been installed in the hospital.

The Aid is in the most flourishing condition and a great deal of enthusiasm and interest is being manifested. There will be a meeting Thursday afternoon at the home of Mrs. W. L. Alexander on West State street.

HONORABLE DISCHARGE FOR EDWARD CLAYTON

It was announced Thursday morning by Recruiting Officer Choate here that an honorable discharge had been received for Edward Clayton, whose place of residence is given as Alexander. However, inquiry has so far failed to locate the young man. The serial number given is 1989302 and the papers indicate that Clayton was a sergeant first class in the Q. M. C. at Camp Taylor. Anyone knowing the whereabouts of the ex-soldier should communicate with the local recruiting office on East State street.

INSTITUTIONS, like individuals—in order to give the best Service—to produce the best Results—must be Prepared—must be equipped for it.

NOTHING ELSE in the final analysis counts for very much. It is often questioned—"Why is it that they can produce such excellent Results?"

"WHY IS IT that they lose so few operative Patients at the NEW HOME SANITARIUM?"

FROM THE RECORDS you find—out of 2770 cases operated on and treated at this Institution only thirty-one deaths—about one out of a hundred—BEING PREPARED.

THESE ARE QUESTIONS often asked and discussed. The answer is plainly seen by any one who visits the Institution, and you are always welcome here.

FIRST—It has a staff of eight competent, well-trained nurses who are especially trained in surgical and obstetrical nursing.

WITHOUT these aids, no physician or surgeon can do his best or justice to his patients.

WE OFTEN SERVE the sick by diagnosing the cases only and they get treatment where they choose.

THE MAIN THING is to know just what the CAUSE is—the treatment is easy.

NOW YOU HAVE a general idea that you may be able to answer these important questions hereafter.

WANT MAN HELD FOR DESERTION RELEASED

Was Taken from Burlington train at White Hall just after his Marriage—Ice Plant Machinery sold—White Hall News Notes

White Hall, March 3.—White Hall citizens have drawn up and signed a petition in defense of James A. Egan, held for the military authorities at Fort Sam Houston, Texas, on the charge of desertion and suspected robbery. Egan was taken from a Burlington train here last Thursday, and since has been held on instructions from the provost marshal, but so far the promised arrival of a guard has failed to materialize. Egan and his bride were passing through on the Burlington train from Winchester, where they had just been married, and she has since been with her husband's parents here. She has said that it was their intention to go to South America. In defense of Egan, the citizens ask for leniency on the ground of his splendid record in the world war, being twice wounded and once gassed, and upon his discharge he promptly re-enlisted. It is further shown that any such act as may be charged against Egan was committed under extenuating mental circumstances. The move in behalf of Egan also has the backing of the local post of the American Legion.

The machinery of the White Hall mill is undergoing an overhauling to get the plant ready for operations under the management of the new White Hall Milling & Elevator Co. Alonzo Mansfield, well known over this section as a teacher, farmer and real estate operator, began duty today as manager of the mill and elevators. There are still good prospects for securing Frank Frech as miller when the plant is ready for business.

Loses Ice Plant

White Hall is to lose one enterprise in the sale of the machinery of the ice manufacturing plant. A party named Gillman was here last week, and it is said that a deal was consummated with the St. Louis owner of the plant for the purchase of the machinery and equipment. What this means is not yet fully known as the St. Louis owner, P. C. Ball, is financially able to turn the building into other use, if not for a complete new ice plant equipment. Ball's identity with the interests controlling the Federal Ice and Refrigerating Co. of Rochester, a new enterprise that is chiefly engaged in icing meat in transit, may figure in the determination to dismantle the ice plant at White Hall.

A move to work an automobile organization out of the recently launched Mississippi Valley club may take shape as the result of unsuccessful efforts to secure an adequate attendance for the purpose of organizing the new club, for which fifty or more members have been secured. It seems that the membership is in favor of a local road promotion organization more general in character than the Mississippi Valley club implies, and an automobile club offers such an organization.

However, the importance of the Mississippi Valley Highway at this particular time must not be minimized, because of the organized efforts it is furthering to secure legislation favorable to the route, one of which is to make it a north and south military highway under the provisions of the Townsend bill that is in the hands of a committee of congress.

In the meantime state work is being urged in order to improve the route as rapidly as possible as a further argument in favor of the Mississippi Valley route is a military highway. White Hall has been a pioneer in new movements of this and other sorts, and when it gets into organized action with the oncoming of spring it will be working along right lines.

Dr. A. C. Edwards has arrived from St. Louis with his family. The doctor is the federal representative in connection with the operation of Gregory Farm Laboratory, which is again in operation for the season.

Mrs. J. W. Profit is at Liege, Mo., this week on account of the serious illness of her mother.

Mrs. F. H. Cox, returned to Farmer City, this week, after being here for over a week on account of the deaths of two of her relatives, Clarence M. Fox and William R. Maddern.

Mrs. Mary Wendell, is here from Kansas City to make a protracted stay with her sister, Mrs. Fred Shenkel. Her maiden name was Mary West, and for many years she has resided in Kansas City, where her husband, Joe Wendell, died about a month ago, and was buried there. Mrs. Wendell desires to locate here if she can procure suitable property.

Can Al Hudson come back Al is game, and the recent losses of his garages at White Hall and Winchester does not seem to have taken the spark of ambition from him. Since the burning of his White Hall garage that set him back \$15,000 to \$20,000, on top of a \$10,000 loss at Winchester, he has had quarters in the Evans garage here, and his father's arrival from Arkansas City, Kansas, has started a report that the Hudson garage is to be rebuilt on a better scale than ever, and that not many months will elapse until Al will be seen rising Phoenix-like from his recent disasters.

The death of Mrs. Louvina Lewis, occurred at 1 o'clock Tuesday at her home on Carson street. Her age was 69 years, and the greater part of her life has been spent at White Hall. Her husband, Armsten Lewis, was a veteran of the civil war, and he died about twenty years ago. Two sons survive, Allie, of Texas, and Roy, of Winnipeg, Canada, both of whom were with their mother when she passed away. There is a married daughter, Ethel, wife of Charles Jones, residing at Alton. There is one grand child by each of her three children. Mrs. Lewis has three sisters, two of whom are well known former residents of White Hall. Mrs. Cyrus Cheney, of New Brighton, Penn., and Mrs. Robert Sykes, of Tulsa, Okla. Funeral services will be held at the home Thursday at 3 o'clock by Rev. Leo Howard, pastor of the M. E. church. The burial will be in the White Hall cemetery. Mrs. Lewis had been ill for several months.

BIRTHDAY PARTY FOR LITTLE CONCORD GIRL

Mrs. A. M. Johnson Entertains Children in Honor of Daughter's Birthday—Many Families Move on March 1—Other News

Concord, March 1.—Mr. and Mrs. William Carpenter and daughter Hazel have concluded a visit with A. J. Wheeler and are now visiting in Nebraska.

Mrs. Wheeler has gone to Chambersburg to care for her daughter.

Mrs. A. M. Johnson entertained from 2 to 4 o'clock on Saturday afternoon in honor of the birthday of her little daughter, Mae, and also the birthday of Dorothy Yeck, a near neighbor. Fourteen little folks were present and had a good time. Suitable refreshments were served which were enjoyed very much.

Born, to Glen Eagle and wife, a baby daughter on Friday evening. The little one only lived a very short time.

Born to Mr. and Mrs. George Johnson on Washington's birthday, a baby daughter, third child. The young lady's name is Clara Margaret.

Born, to Mr. and Mrs. Paul Brockhouse, a daughter on Sunday morning, the 29th.

March 1 was moving day for a good many families. There is so much sickness, however, that some moves will have to be postponed. R. E. Abernathy goes to the Ator farm near Markham. William Gaffney gets the Bayless farm. J. P. Yeck is to move to the farm that he bought of J. B. Ratliff near Hopewell.

Concord sick list includes C. E. Newton, L. F. Bayless, John Brown, Robert Reed and children; Miss Howard Rentschler, Miss Hazel McCarty, Mrs. O. T. Hamm, Mr. Newton has erysipelas

and is in a very serious condition. Mr. Bayless has paralysis. The others have pneumonia or the flu. No doubt there are a number of others sick besides those mentioned.

R. C. Taylor, of Virginia, was a visitor in the city yesterday.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

TO THE BUYING PUBLIC

Does an Improved Valve-in-head Motor interest you?
Does a 10-in. Borge & Beck Dry Plate Clutch interest you?

Does a one piece Rear Housing seem as strong as a three piece riveted or welded job?

Does a full Cantilever Spring 46 1/2 x 2 1/4 ride as easy as a shorter one?

Does an Oak Frame Body covered with metal rattle as much as spot welded bodies?

Does a car of 118 inch wheel base jump all over the road as much as one of shorter wheel base?

Does a taper bearing stand as much strain as a little ball bearing?

Does a high grade cast iron piston pump oil after 2,000 miles of driving?

Does a Columbia axle ever wear out or break?

Does a force feed and splash system oil perfectly?

If these points of the Elgin Six sound good, come in and let us demonstrate them to prove their worth.

Permalife BATTERIES

All materials that go into Perma-
life batteries—acids, and rubber,
metal or wood parts—are subjected
to a rigid analytical test before being
used.
This insures you against a short-
lived battery—one in which the ma-
terials are not up to specifications.
And it's one of the things that
enables us to guarantee Permalife
for 20 months—the longest, real
battery guarantee in America.

SNAKE OIL Positively Relieves Pain in Few Minutes

Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A new remedy used internally and externally for coughs, colds, croup, influenza, sore throat, diphtheria and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, not ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at Armstrong & Armstrong Drug Stores.—Adv.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On
Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you'll find it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?

"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfd. by E. Lawrence & Co., Chicago.

Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.
